

## LED Highbay Lights--PROJECT QUALITY

### Features

- Patent design, private mould, the only one in the market.
- Unique design of heat sink, steady quality, best choice for projects.
- Full completely certificates, all the world accepted.
- Strong earthquake resistance.

### Power supply

- ARCH / MEANWELL power supply.
- Stable quality, good performance, high PF, dimmable easily.
- Change power supply easily and conveniently.
- IP:20

### Radiator

- 80~150W: heat dissipate by fin heat sink, unique design.
- 200~320W: add copper pipe heat sink for dissipation, special design.
- Fin heat sink: 99.9% AL1050 with 210w/mk heat conductivity.
- Extra thin fin heat sink: 1.0mm
- Extra light weight: (80-150W) 2.9kgs  
(200-320W) 5.9kgs

### Chip

- Led chip: CREE or EPISTAR.
- Led lamp: SMD3535.
- Heat lower than COB.

Model No.	Power Watt	Lumen	Chip Brand	Led driver	Beam Angle	CRI	Voltage	Warranty	Product Size
PW2084	80W	6800Lm	Cree	Arch	60°	70	AC100-277V	5 years	D410xH468mm
PW2085	100W	8500Lm	Cree						
PW2086	120W	10200Lm	Cree						
PW2087	150W	12750Lm	Cree						
PW2088	200W	17000Lm	Cree	Meanwell	60°/90°/120°				D500xH529mm
PW2089	240W	24000Lm	Cree						

### The other series led high bay lights

Model No.	Power Watt
